

## **Music Overview**

This document gives and overview of the knowledge within the schemes of work used within the schools of CIT. This builds from Reception through to year 6 such that pupils experience all aspects of the national curriculum prior to leaving any of our schools. Our schemes of work are also aligned with the Department for Education document "Model Music Curriculum which can be found at https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\_data/file/974366/Model\_Music\_Curriculum\_Full.pdf

## **Pedagogy**

The Music curriculum within our schools is based upon 7 key areas of knowledge – listening/appraising, the dimensions of music, signing, playing, improvising, composing and performing. Each aspect of music is covered within all year groups except for the EYFS (where we cover 4 of the 7 areas explicitly). Rather than simply covering knowledge and then moving on, the scheme seeks to ensure that the correct knowledge is introduced in the age appropriate year group. All knowledge is then repeated and most embedded (covered for a third time) prior to the pupils beginning their next stage of education in Year 7.

The table below shows how this is implemented within our scheme of work:
